

ALABAMA 911 BOARD

January 4, 2022
Talk About It Tuesday!

Agenda

January 4, 2022

It's 2022, here is some of what's going on!

- Legacy 9-1-1 Cost Reimbursement
- Virtual Academy
- GIS
- Annual Certification

Legacy 9-1-1 Cost Reimbursement

- The Board voted to extend the Legacy 9-1-1 Cost Reimbursement program through FY2022
- The process for submission will remain the same
- Here is the link to our website to submit:
<https://www.al911board.com/professionals/ecd-legacy-9-1-1-costs-reimbursement>
- All reimbursements are subject to any legacy 9-1-1 service discontinuation requirements
- We need all pages of your phone bills and proofs of payment for each
- If the files you are attempting to submit are too large, email the ones that will not fit to [Michelle](#)

- Over 1300 enrolled
- Over 2050 hours completed
- Contact [Dana](#) for more information

Training Notices

Alabama 2022 Communications Training Week

When: January 31-February 4, 2022

Where: Alabama Fire College
2501 Phoenix Drive
Tuscaloosa, Alabama. 35405

Link: <https://al911board.com/sites/default/files/2021-10/COMU%20Week%202022.pdf>

Incident Tactical Dispatcher Training (All Hazards) – INTD - The course provides a realistic, hands-on approach to mastering the tasks and skills of an Incident Tactical Dispatcher. This course is designed for experienced dispatchers who are familiar with the Incident Command System and dispatch operations. This course is four days long with an end of course INTO exercise on the fourth day. It is limited to 20 students. Each attendee participates in hands-on training exercises and receives a position task book.

Incident Communications Center Manager (INCM) – The All-Hazards Incident Communications Center Manager course is designed to prepare Communications Unit Leaders, Dispatch Supervisors and Public safety professionals for managing all functions in the Incident Communications Center.

Communications Unit Technician – COMT—This class provides introductory and refresher training for the NIMS ICS COMT position. It introduces public safety professionals and support staff to various communications concepts and technologies including interoperable communications solutions, LMR communications, satellite, telephone, data, and computer technologies used in incident response and planned events. Participants develop the essential core competencies required for performing the duties of the COMT in an all-hazards incident, including responsibilities while operating in a local, regional, or state-level All-Hazards Incident Management Team.

Communications Unit Leader (All-Hazards) – COML—This service offering is designed for all state/territory, tribal, regional, and local emergency response professionals and for support personnel with a communications background. It is designed to familiarize these professionals with the role and responsibilities of a COML under the National Incident Management System (NIMS) Incident Command System (ICS) and to provide hands-on exercises that reinforce the lecture materials. OEC and FEMA/Emergency Management Institute (EMI) offer this course jointly as "L0969, All Hazards Position Specific Communications Unit Leader."

Training Notices

You can find information about upcoming training on our website:

<https://www.al911board.com/professionals/training>

It is updated as we schedule training.

We also have a mailing list for notification of upcoming training opportunities. If you are not receiving those training notifications, please make sure [al911board.com](https://www.al911board.com) is added to by your IT to your email whitelist. Then, email [Michelle](#) so she can verify you are on the list. Also, if your email changes, please let Michelle know so you continue to receive those training notifications.

Upcoming Training

Upcoming Training Opportunities Across Alabama

Looking for 9-1-1 training opportunities? The office of the Alabama 9-1-1 Board is excited to announce the start of in-person training courses. Please see the listings below so you can start planning and get the greatest benefit for you and your agency.

The Board has also partnered with Virtual Academy to provide online training as well as training records management. For access to Virtual Academy, contact your supervisor or local training officers.
