

ALABAMA 911 BOARD

September 12, 2023
Talk About It Tuesday!

Introduction & Contact Information

(334) 440-7911

Anderson Brooms
GIS Program Manager for the Alabama 9-1-1 Board
Email: anderson@al911board.com

Adam Brown
Deputy Director for the Alabama 9-1-1 Board
Email: adam@al911board.com

Laura Ehrhart
Education and Outreach Program Manager
O: 334-440-7912
M: 334-451-9984
Email: laura@al911board.com

Nida Jackson
Senior GIS Specialist for the Alabama 9-1-1 Board
Email: nida@al911board.com

Leah Missildine
Executive Director for the Alabama 9-1-1 Board
Email: leah@al911board.com

Michelle Peel
Program Coordinator for the Alabama 9-1-1 Board
Email: michelle@al911board.com

Agenda

September 12, 2023

- Rapid Premium Portal roll-out
- 98% NENA Compliance for Synchronizing GIS Data with MSAG and ALI
- How is a call routed using Geospatial Call Routing
- Upcoming Region 4 Testing and What to expect
- Go-Live Region 4
- What to expect once Geo-Routing is live. When to submit a possible error?
- Training & Board Announcements

Brings RapidSOS Premium to Alabama!

RapidSOS Premium provides one unified mapping solution that combines multiple tools and critical data from 500M+ devices for all emergencies in your jurisdiction.

Premium is being rolled out across the state

RapidSOS is working in partnership with the Alabama 9-1-1 Board and INdigital to enable RapidSOS Premium at each PSAP across the state!

The RapidSOS team will be in touch as we get to each region with the enablement process.

Any questions or comments please feel free to reach out!

implementations@rapidsos.com

Synchronizing GIS Data with MSAG & ALI

Region 4 - Testing September 13th 9:00 AM
Go-Live September 27th 9:00 AM

All PSAPs in Region 4

- Join Google Meet Call on Wednesday, September 13th at 9:00 AM
- Be prepared to make one to two test cell phone calls to 911 from locations within your psap boundary, preferably two different carriers avoiding the use of Verizon.
- Confirm call is delivered to the correct PSAP and ANI/ALI display is correct.
- Provide the ESRK from the ali display
- Turn up Live September 27th - Completing the State

Not All Calls Will Geo-Route

We do not want to delay a 911 call delivery. The geo-location is only queried once.

The next step is to tabularly route the call.

This means calls may still route to you based on the tower location or pANI assigned to the call.

Landline calls will Tabular route.

Tabular/Legacy route NOTASULGA PD

This line has been reformatted to more accurately describe how the call is designated to Tabular route according to MSAG Database

When should I issue a ticket for investigation?

Calls in question to be investigated should be submitted to: database@indigital.net

Information to include: details of reason for investigation, ESRK, data and time of call, cbn

1. Remember, we will hold the call for only one ring cycle waiting for WPH2 device coordinates, if not received the call will route based on Tabular data
1. Legacy/Tabular Route displayed on the ALI Spill is the best indicator

If the Legacy/Tabular Route matches your agency it is safe to assume this call fell back to Tabular Route

If different:

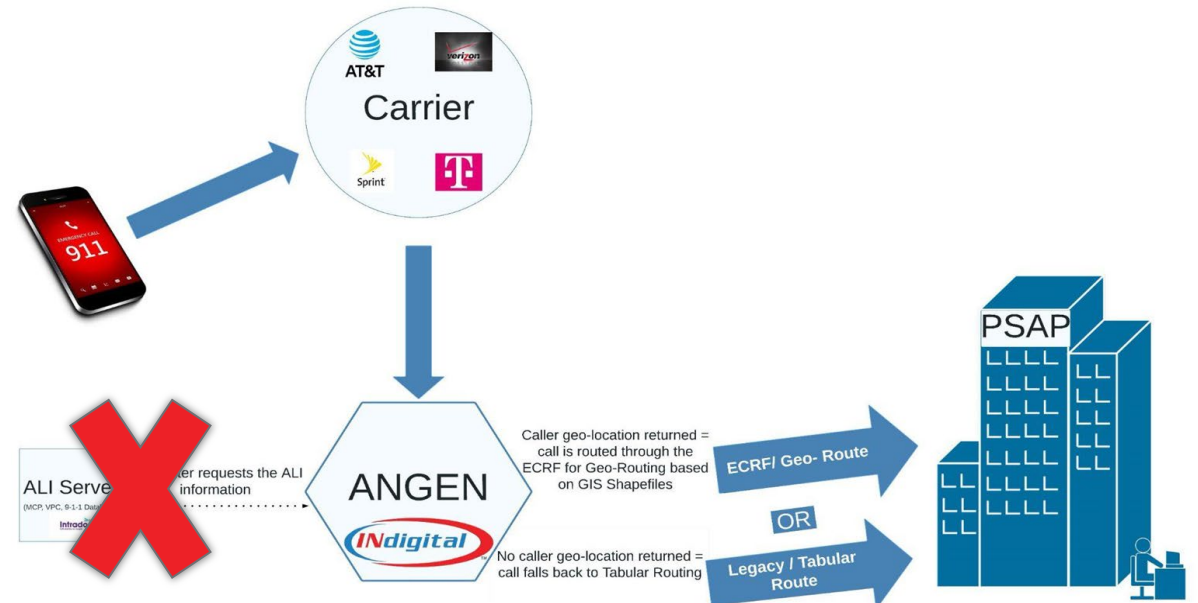

- possible error needs to be investigated
- possible transfer or another PSAP overwhelmed and rolled over

The Simplified End-State Method of Geo-Routing

1. Call comes into the network with an attached PIDF-LO (Presence Information Data Location Object) XML document.
1. The PIDF-LO is cross-referenced with the Location Verification Function (LVF).
1. The call is routed to the correct PSAP based on the verified coordinates during the cross-reference.

- Work needs to be done with the carriers and location providers to establish PIDF-LO handoff between carrier and network
- A spatial interface needs to be established to verify location data against the state GIS set.
- Call-Handling Systems must be upgraded to receive this new type of PIDF-LO based ALI.

Secure Communications Workshop & INdigital Regional Training

September 26 – Secure Communications Workshop & INdigital Regional Training – Morgan County

October 15 – Survive and Thrive: Core Stress Resilience Training – Orange Beach

Cybersecurity Standards and Policy Creation Workshop for 911 Professionals

November 15 – Cybersecurity Standards and Policy Creation Workshop – Gulf Shores

Sponsored Workshops and Training

Dates	Training	Location	Organization	Status	
Sep 25-Sep 27, 2023	IAED Emergency Medical Dispatch (EMD)	Northport, AL	Tuscaloosa County 911	Open	More Info
Sep 26, 2023	Secure Communications Workshop (in the morning at the same location as INdigital Regional Training)	Decatur, AL	OTMCyber & Alabama 9-1-1 Board	Open	More Info
Sep 26, 2023	INdigital Regional Training (in the afternoon at the same location as the Secure Communications Workshop)	Decatur, AL	INdigital and Alabama 9-1-1 Board	Open	More Info
Oct 15, 2023	Survive and Thrive! Core Stress Resilience Training (GCC Pre-Conference Course)	Orange Beach, AL	Alabama 9-1-1 Board and Alabama NENA	Open	More Info
Nov 15, 2023	Cybersecurity Standards and Policy Creation Workshop for 911 Professionals	Orange Beach, AL	OTMCyber & Alabama 9-1-1 Board	Open	More Info

Upcoming Training

→ ECD Annual Reporting to the Examiners due November 30, 2023

<https://www.al911board.com/professionals/regulations/ecd-annual-reporting>

→ Legacy 9-1-1 Cost Reimbursement submissions are due by the 10th

<https://www.al911board.com/professionals/ecd-legacy-9-1-1-costs-reimbursement>

→ Request for Payment for PST Certification submissions made by the 10th will be paid out at the end of the month. Anything submitted after the 10th will be paid at the end of the following month. You can find more information [on our website](#).

→ Upload, validate, aggregate your GIS data to the State office VEP.

→ Have you had a staffing change? If that person is ALPST certified or answering 911 calls, please fill out this [form](#). If that person is admin staff or otherwise does not answer 911 calls, fill out this [form](#).

Board Announcements & Reminders

September 19 – No TAIT (Board Meeting week)

September 26 – Changes Coming and Deadlines

October 3 – DATAMARK Release Notes

October 10 – Gulf Coast Conference Preview

Upcoming TAIT Webinars

(334) 440-7911
