

Alabama 9-1-1 Board Announces Grant Cycle 9 Recipients

Montgomery, AL— 3/20/2024 — During the March 20, 2024 meeting, the Alabama 9-1-1 Board approved awards to be granted to multiple applicants of Grant Cycle 9. The two key focuses in Grant Cycle 9 were addressing financial hardships for Emergency Communication Districts (ECDs) and maximizing efficiencies in PSAP operations. The determination for the awards was based on the content of the applications submitted and examination of available district financial information. ECDs that applied for GIS services in this grant cycle and were awarded will either receive direct funding from the Board for their project or will be part of a larger Board-managed GIS services project; details will be outlined in individual grant agreements. Official award letters and grant agreements will be sent to each ECD in the coming weeks. Listed below are the districts, project types, and award amount for Grant Cycle 9:
