MONTGOMERY, Ala. (WSFA) - Did you know you can TEXT 911 if you have an emergency and feel like you can't talk on the phone? The Alabama 911 Board wants to make sure more people know about this option.

Calling 911 is still the best way to get the fastest help, but if you find yourself in an emergency that doesn't feel safe to speak out loud, or if you're unable to speak, texting can be an important tool.

**TODAY IN ALABAMA**  
**YOU CAN TEXT 911 IN EMERGENCY SITUATIONS**

Texting 911 is just like texting anyone else.

Texting 911 is just like texting anyone else. Enter the numbers 9-1-1 in the "to" or "recipient" field of your messaging app. Text the exact location of the emergency and briefly describe what kind of help you need, then press the send button.

ANGEN 2.0

Report for March 1 - April 30, 2025

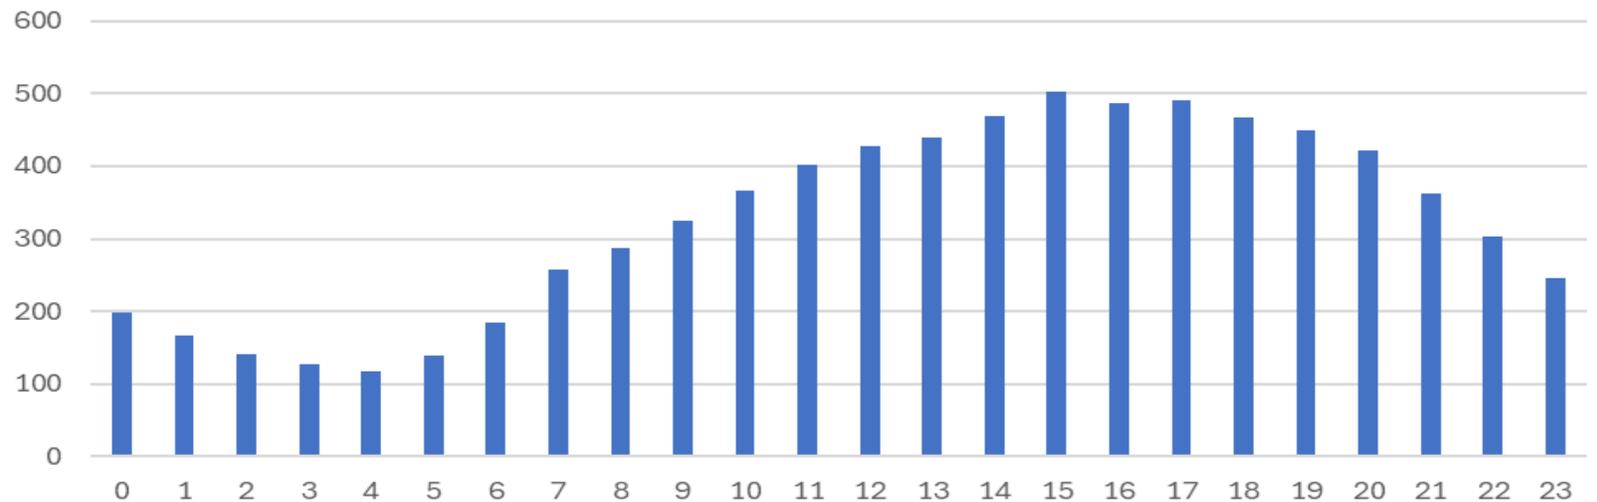

*May 21, 2025*

### Call Counts March 1, 2025 - April 30, 2025

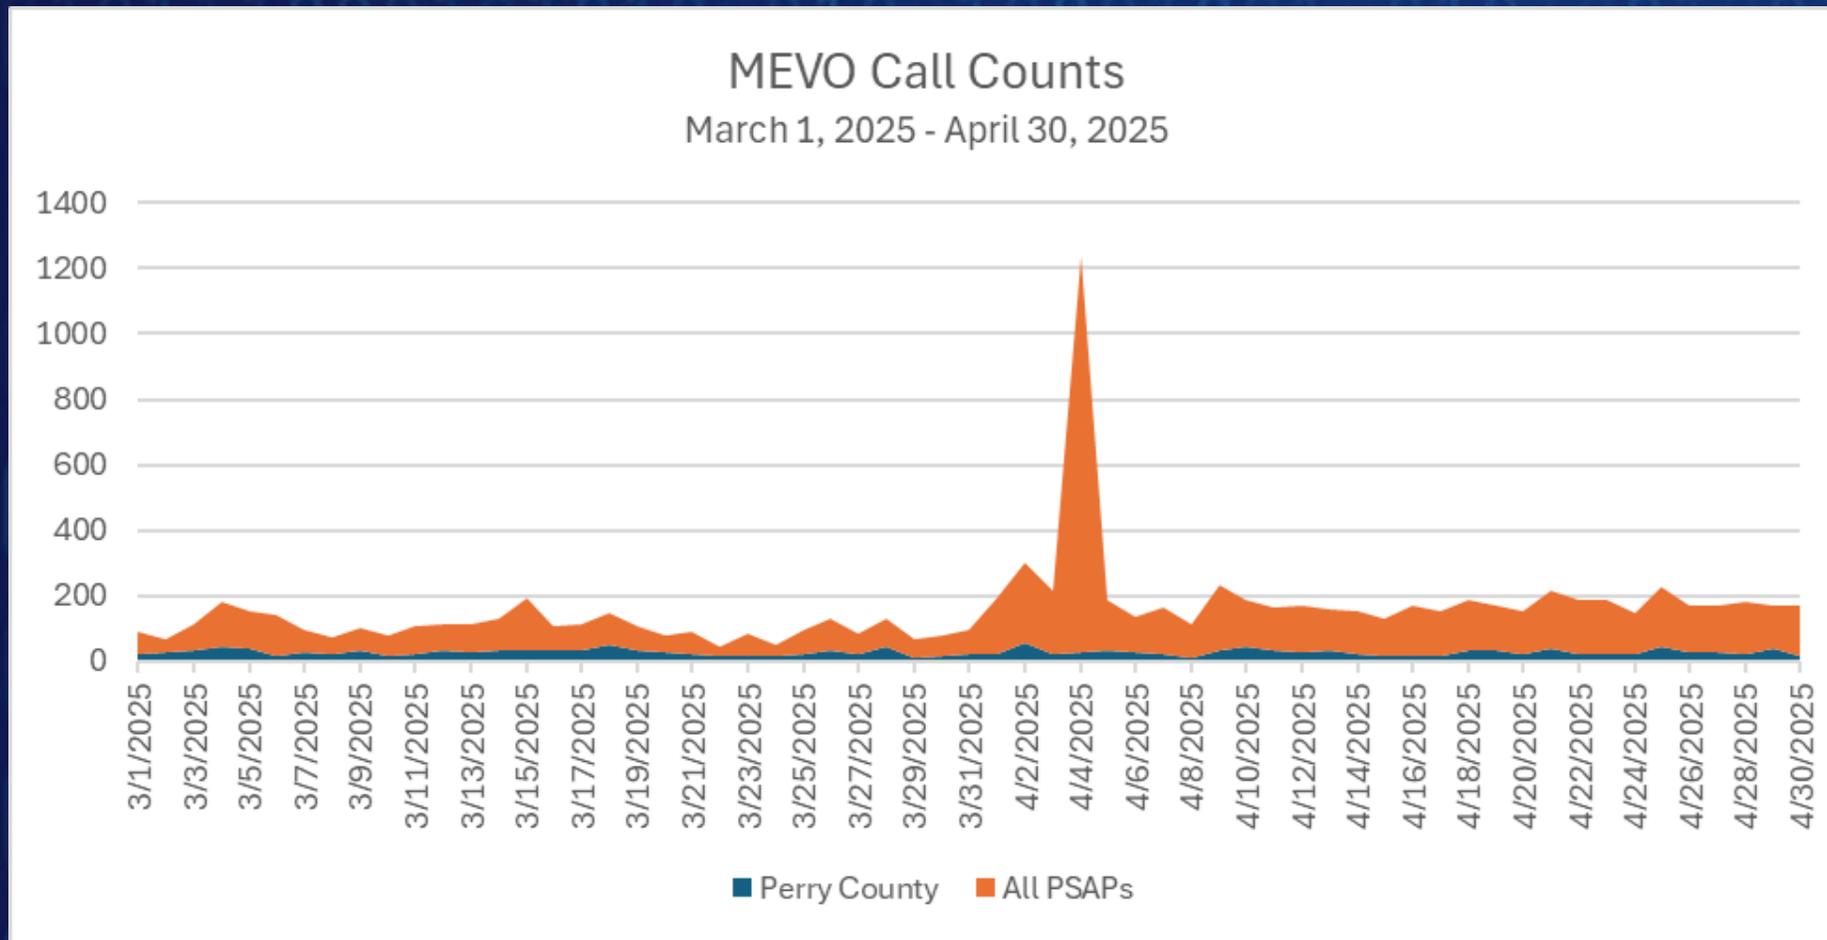

The largest call volume occurred on March 4th, with 10,021 calls processed. The second-largest call volume day was April 5th, with 9,226 calls processed.

### Average Calls by Hour of the Day March 1, 2025 - April 30, 2025

The total number of calls since the last reporting period was 474,364, averaging 7,776. This was an increase of 17,710 from the last reporting period of 456,654 total calls and an average of 7,486 calls per day.

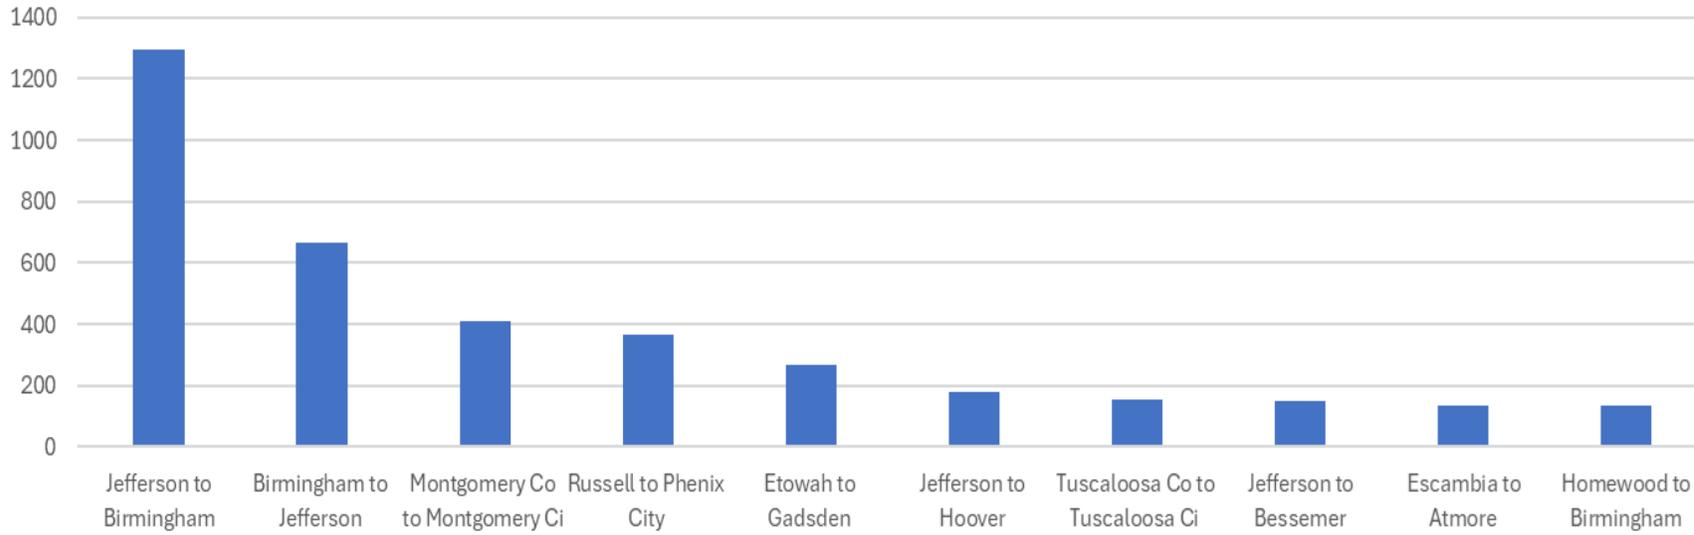

The busiest hour of the reporting period was 3:00 PM, while 4:00 AM was the least busy.

7,957 total MEVO call count with an average of 130 per day, increasing from the previous reporting period of 4,123 total calls, averaging 70 per day.

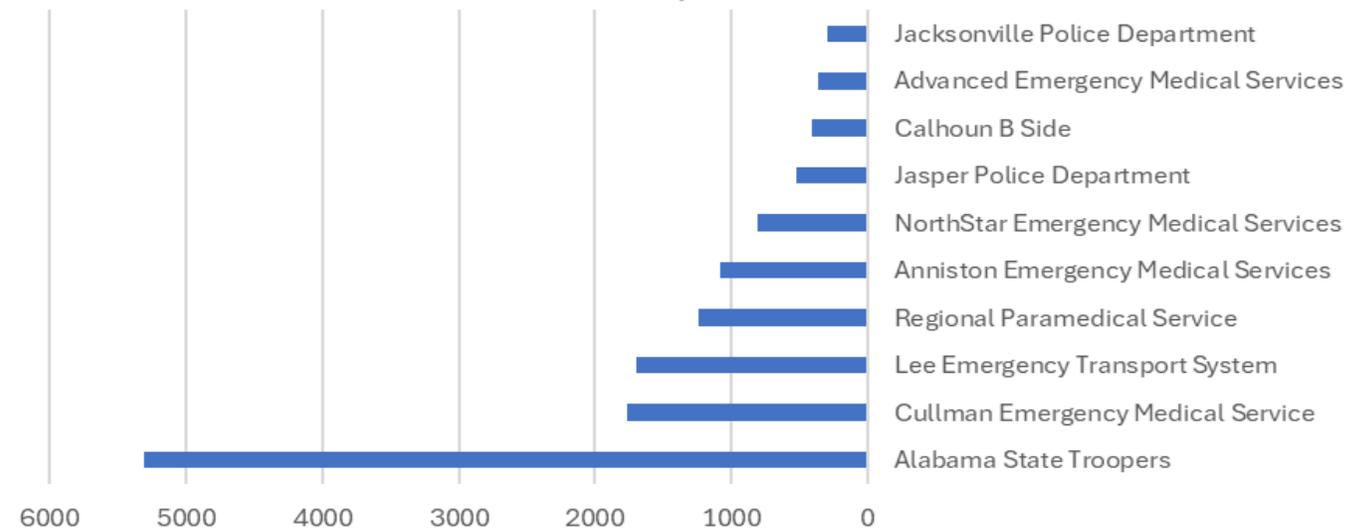

*\*Perry County operates solely on MEVO.*

### Top 10 Primary to Primary Transfers March 1, 2025 - April 30, 2025

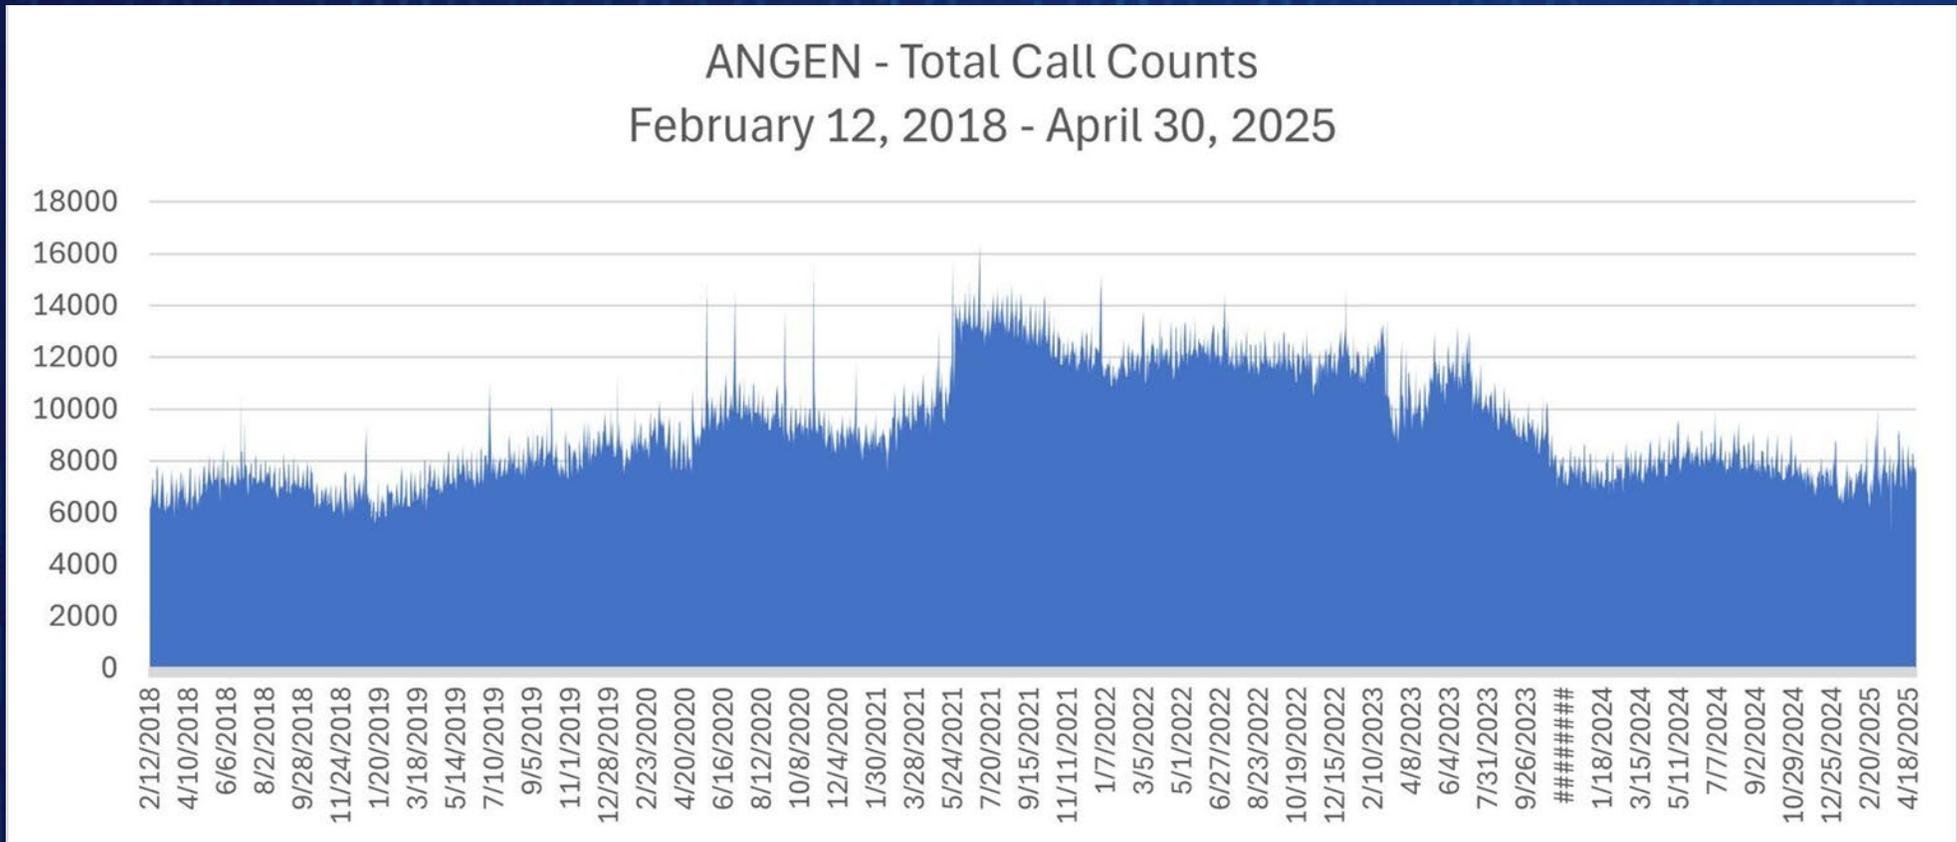

The number of primary-to-primary PSAP transfers increased 20% from the last reporting period from 12,165 to 14,659.

### Top 10 In-State Secondary Transfers March 1, 2025 - April 30, 2025

\*Alabama State Troopers, Lee ETS, Cullman EMS, and NorthStar are all on-network transfers.

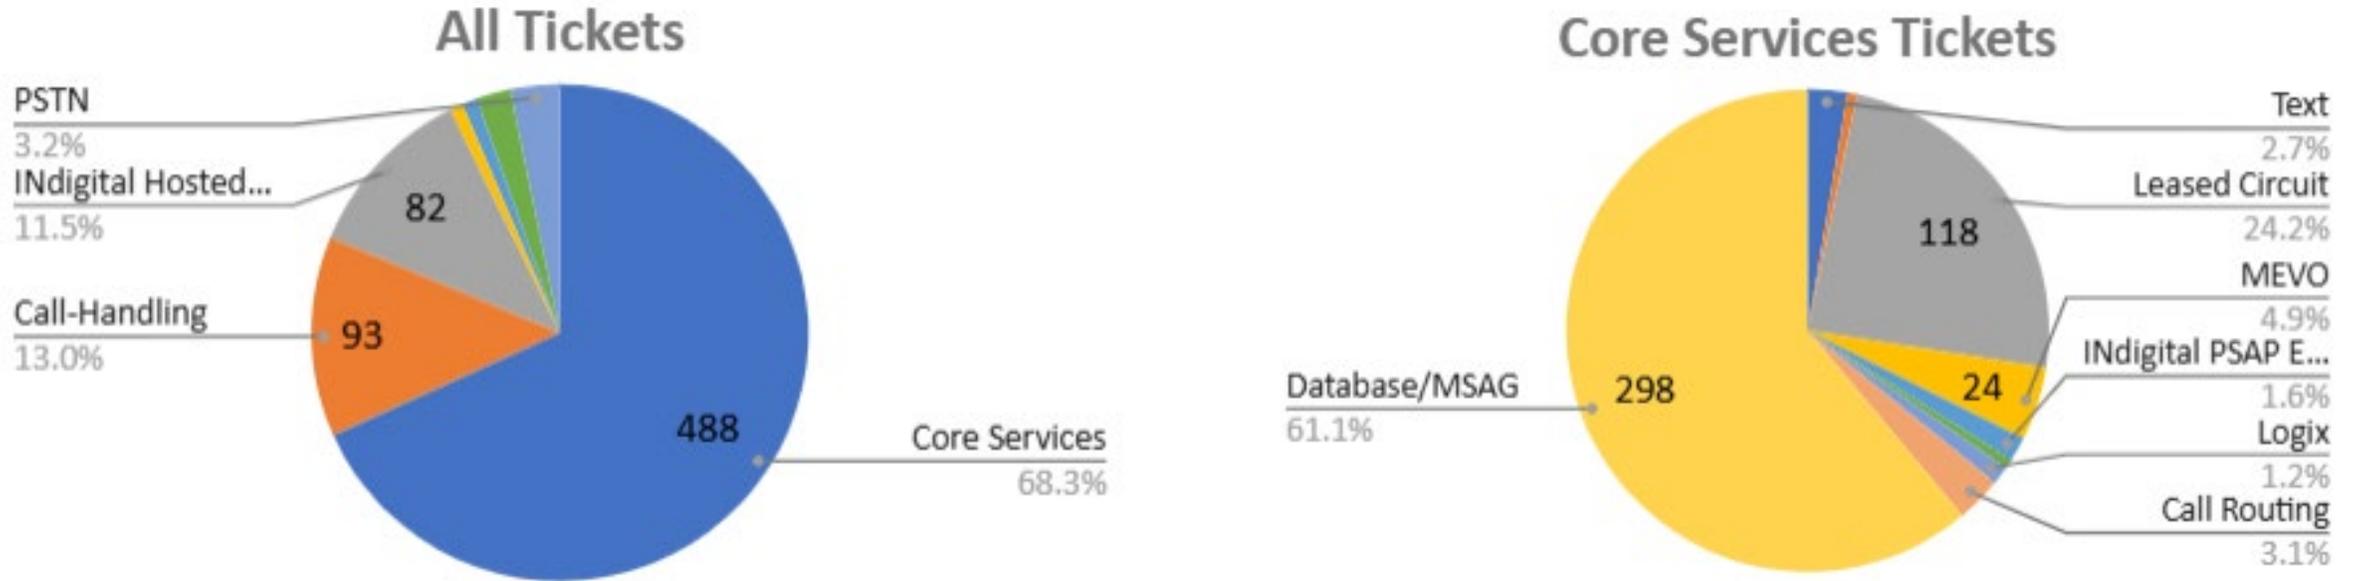

ANGEN has now processed over **24.6 million calls!**

Total Call Volume for February 12, 2018 – March 30, 2025: **24,684,496**

# Support Tickets

A total of 718 tickets were created since the last report.

68.3% of those tickets were core services related.

The easiest and most efficient way to notify INdigital of trouble or to report a problem is to call the NSOC at 877.469.2010 or email [support@indigital.net](mailto:support@indigital.net). The NSOC is staffed 24/7/365.

# Weather Impacts

April 5 - 6, 2025

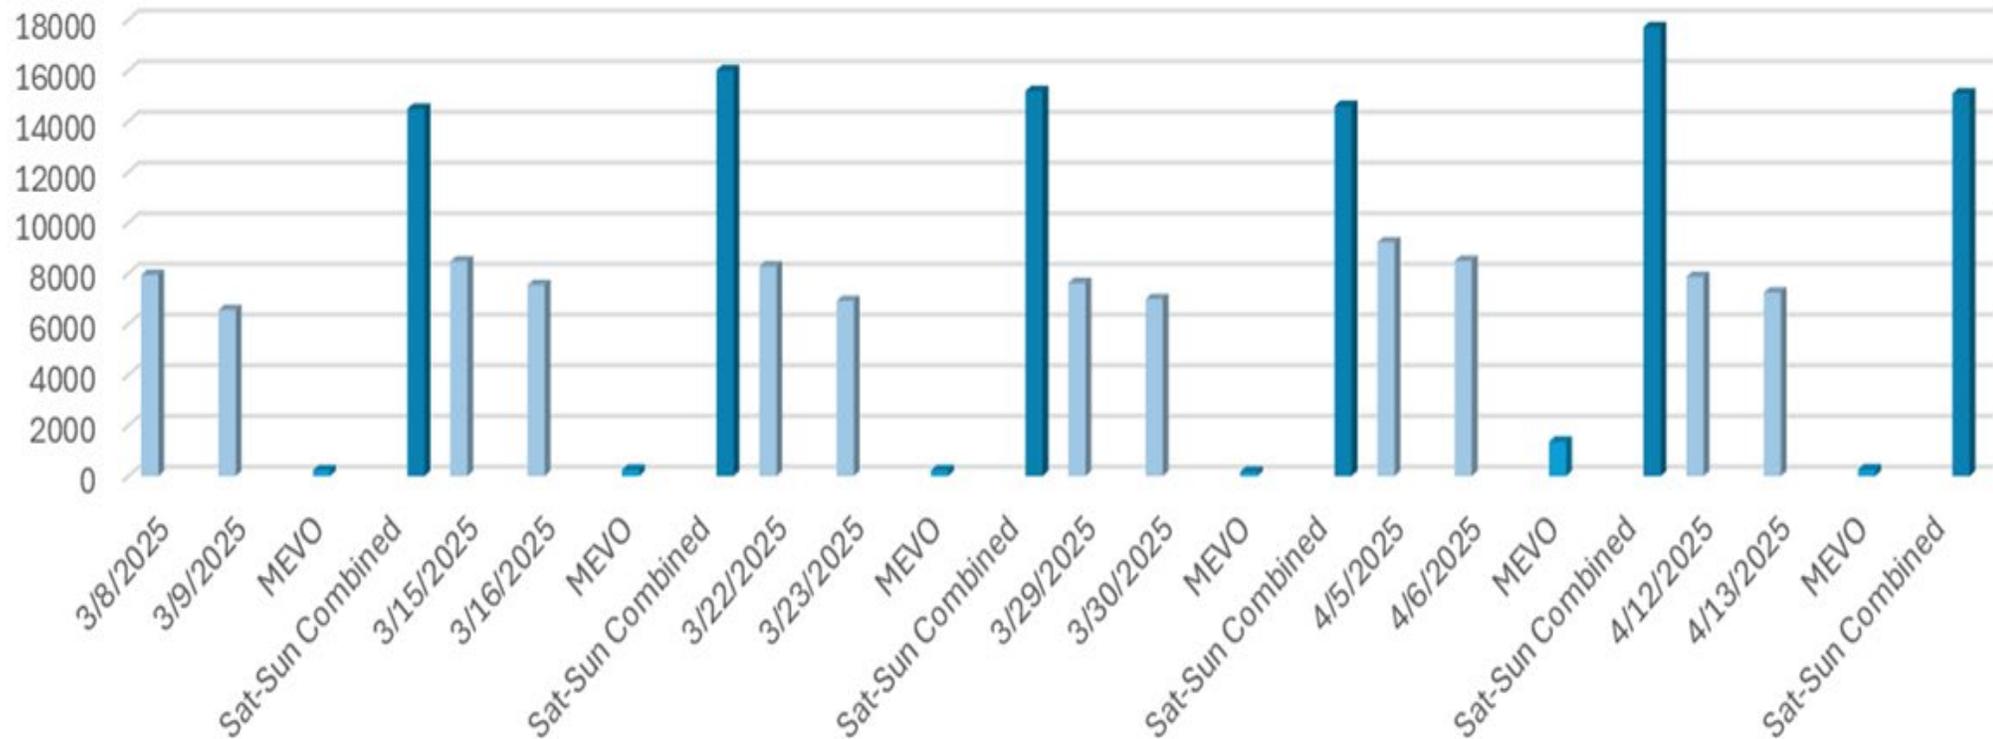

A slow-moving weather system caused widespread flash flooding and severe weather throughout Alabama. At least 7 confirmed tornadoes contributed to the escalated call volume on April 5th and 6th, 2025.

### Call Volume Comparison

52 of our 67 counties suffered damage.

This event followed two previous weekend rounds of devastating severe weather, which caused multiple fatalities and widespread tornadoes.

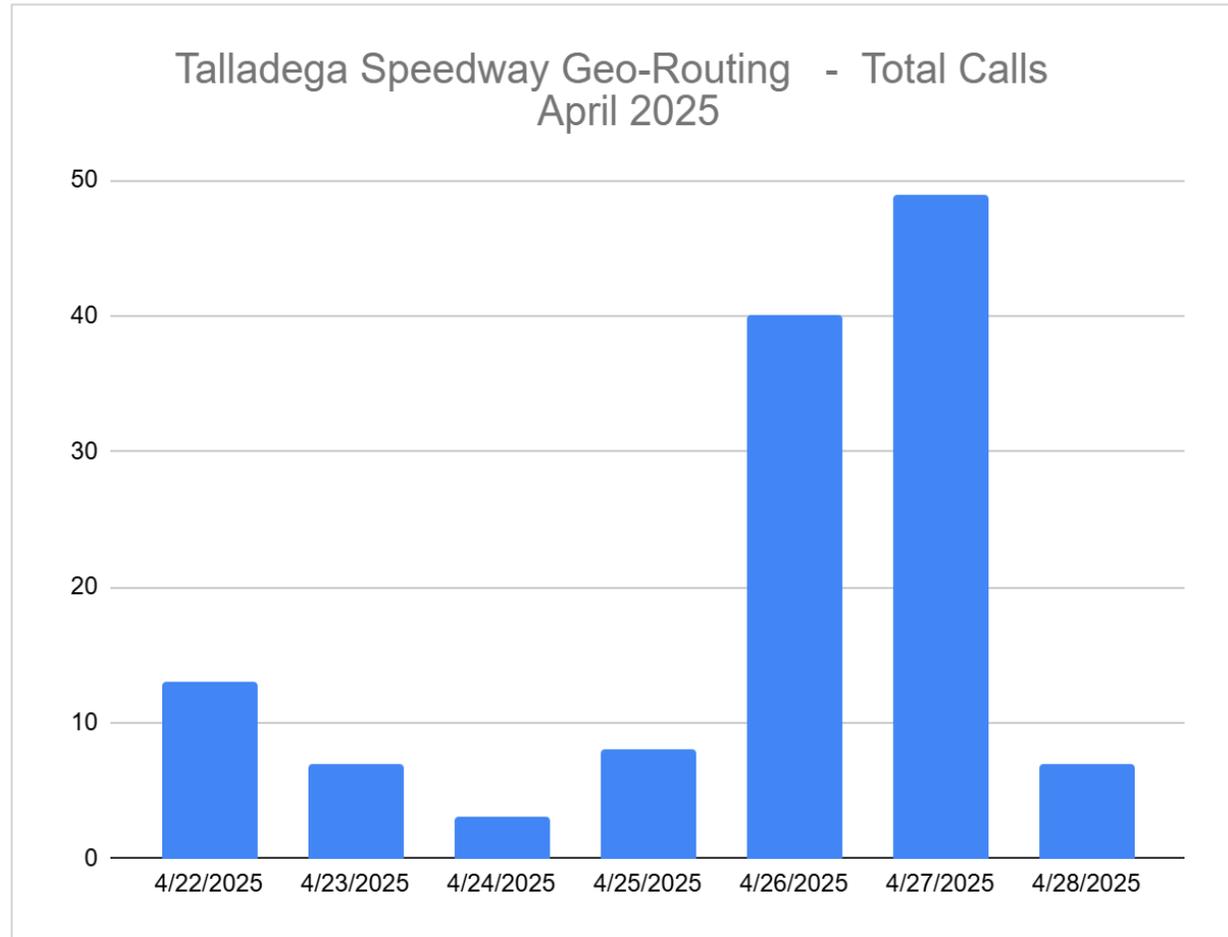

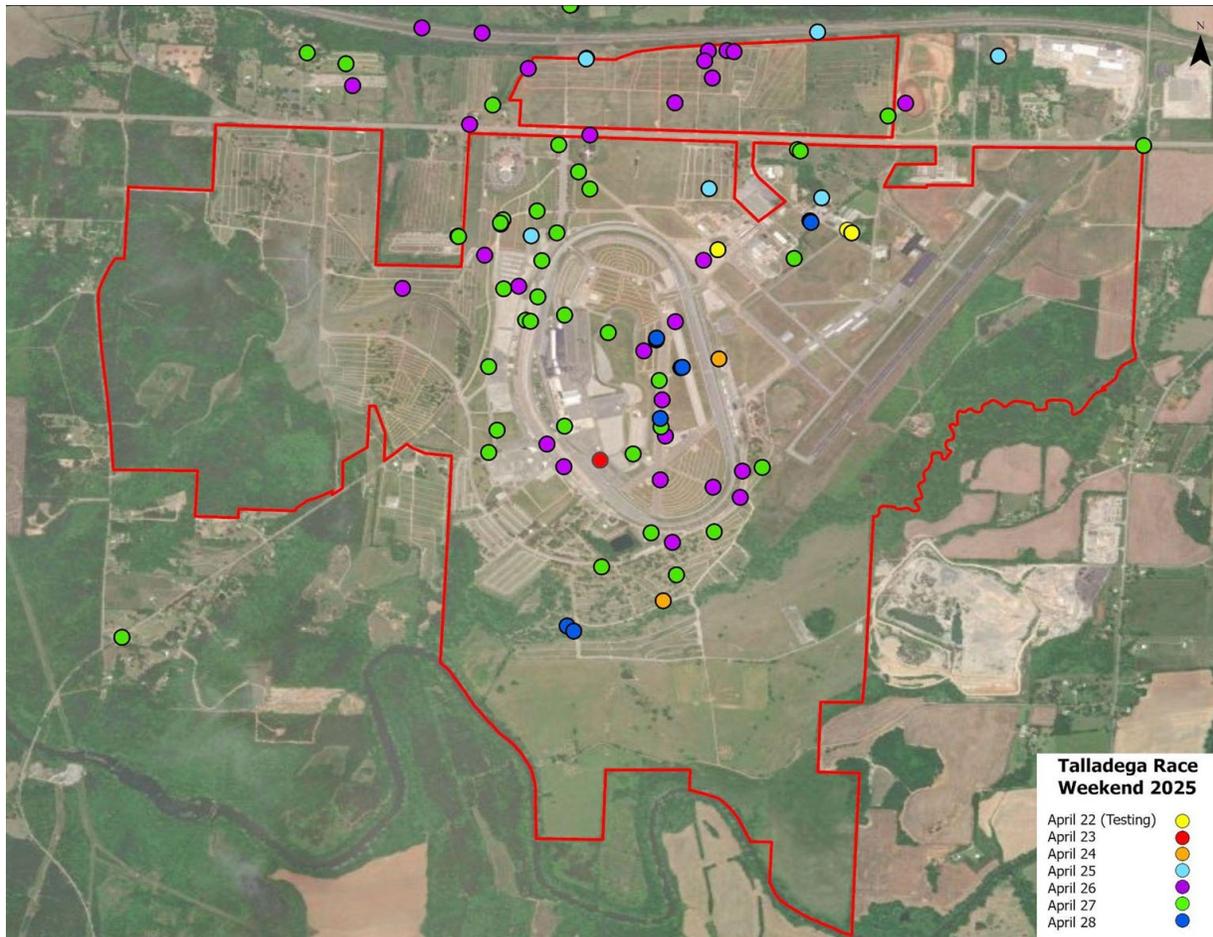

# Talladega Superspeedway Geo-Routing

April 2025

Geo-routing for the Spring Talladega races turned up daily April 22 – 28, 2025, for a total of 49 9-1-1 calls. Talladega operates using remote Vesta positions located on site of the Speedway.

# An Abbreviated History of the Alabama 9-1-1 Board's GIS Program

# The Current and Future Uses of GIS in Alabama 9-1-1

## Current

Only PSAP boundaries are being used to route wireless calls.

## Current

The location information used to route is obtained with a database dip.

## Current

GIS data is handed off between the board and INdigital.

## Future

All required layers can be utilized during any call routing.

## Future

Location information will come with the call (PIDF-LO).

## Future

GIS data will be passed via a spatial interface, where it will be stored and will then provision the other functional elements.

# Developing Next Generation Core Services for Alabama 9-1-1

## Alabama 9-1-1 Board's Collaboration

The Alabama 9-1-1 Board has been working in conjunction with INdigital and DATAMARK to develop the Next Generation Core Services of the ANGEN network.

## NENA's NG9-1-1 GIS Data Model

These core services require the GIS layers of the NENA Standard for NG9-1-1 GIS Data Model (NENA-STA-006.2a-2022) to enable them to function as designed.

## Importance of GIS Layers

Without these GIS layers, the core services will not work. Further, these GIS data layers must meet a minimum standard to run correctly.

## INdigital's Minimum Requirements

Based on the development of their core services, INdigital has outlined what minimum requirements the GIS data must meet.

## DATAMARK's VEP Validation Remediation

DATAMARK then outlined which VEP validations must be remediated to edit the GIS layers to conform to INdigital's minimum requirements.

- INdigital Outlined Minimum Data Requirements
- DATAMARK Identified 27 validations that correlate to the INdigital requirements within VEP
- Data readiness grade is an average of the anomaly counts over the 27 validations
- 98% readiness is considered ready to provision to INdigital’s NG 9-1-1 core services
- 90% is nearly ready but has some “client verify” issues to work through.

# HB25 Enacted as Act Number 2025-373

---

(j) Two or more boards of commissioners of districts that exist on October 1, 2025, by adopting identical resolutions, may contract for the districts they govern to jointly exercise any power or service that each of the districts is authorized to exercise individually.

(1)a. It is sufficient that each of the contracting districts is lawfully authorized to exercise the power or service that is the subject of the contract regardless of the manner in which the power or service shall be exercised if at least one of the districts is authorized to exercise the power or service in the agreed upon manner.

b. The power or service that is the subject of the contract may be exercised by each contracting district or may be exercised by one or more districts on behalf of all of the contracting districts.

# HB25 Enacted as Act Number 2025-373

---

(2) Before adopting the resolution under this subsection, each district board of commissioners must give notice pursuant to Section 36-25A-3 of a hearing on the proposed contract at which the public may request information concerning, or present arguments for or against, the same.

(3)a. The contract must: (i) state the intent of each district to cooperate with the joint exercise of the power or service; (ii) describe the power or service that the districts will jointly exercise; and (iii) provide a termination date for the contract no later than three years from the date of the contract.

b. Notwithstanding a termination date for the contract, any district may terminate the contract by giving at least 180 days' notice to the other district or districts.

# HB25 Enacted as Act Number 2025-373

---

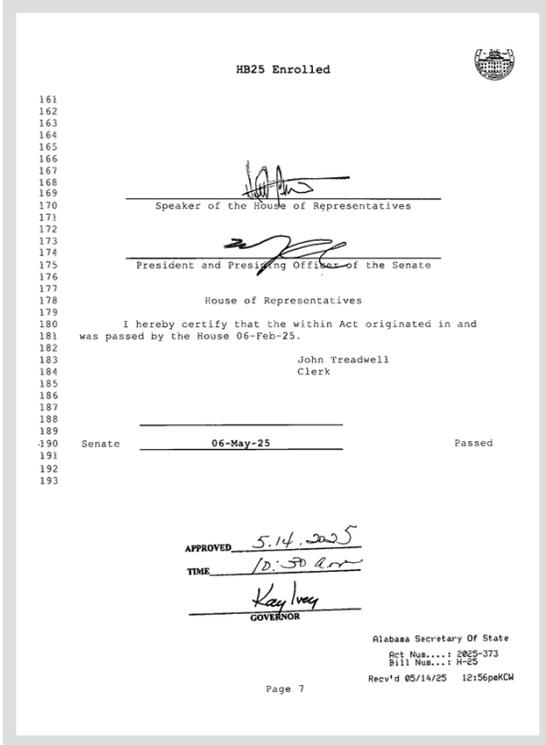

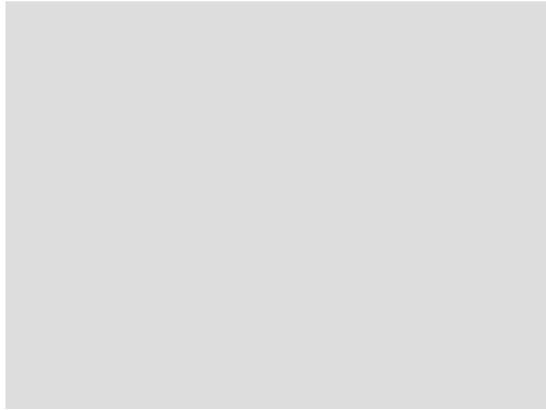

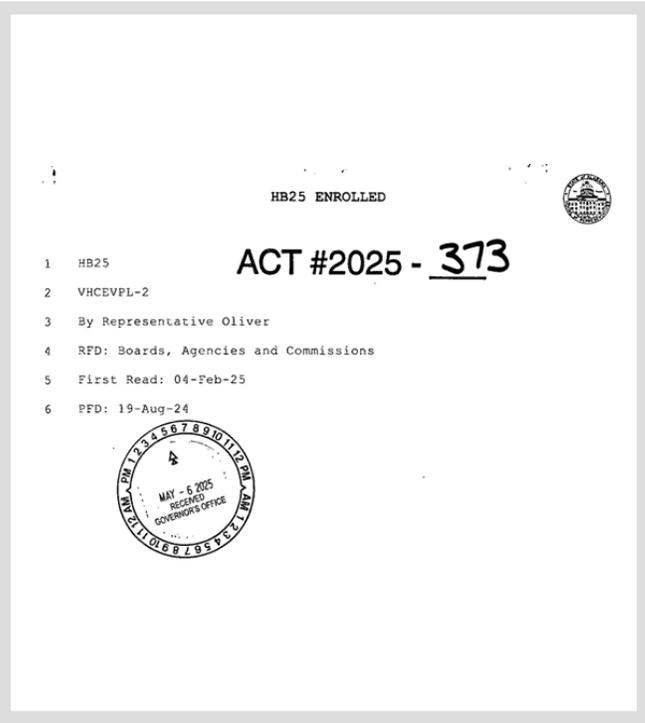

(4)a. The existence of a district as an individual political and legal subdivision of the state under this chapter is not modified or impaired when the district enters a contract provided under this subsection, neither are the lawful powers of the district in any way modified or impaired except to the extent necessary for the district to jointly exercise the power or service that is the subject of the contract.

b. Nothing in this subsection shall restrict the powers of a district nor modify or impair the legal rights and duties under a contract that is in existence on October 1, 2025 between or among districts.

(5) 911 services may not be jointly provided pursuant to this subsection until the Statewide 911 Board certifies to the contracting districts that, pursuant to Section 11-98-4.1(e)(8), joint operations are ready to occur without service interruption."

Section 2. This act shall become effective on October 1, 2025.

# ALABAMA 911 BOARD FACT SHEET

As of 2025, the Alabama 911 Board serves as the main fiscal, technological, and certification/training provider for 911 centers or PSAPs across Alabama. Included below is a snapshot of data collected by the Board over the past three years.

### SPENDING BREAKDOWN

More than 99% of the Board's use of 911 revenues is passed through directly to ECDs or spent on providing the same tools to every primary 911 center in the state.

Board Costs 0.94%  
Direct Funding to ECDs 83.82%  
ECD Tools & Services 15.24%

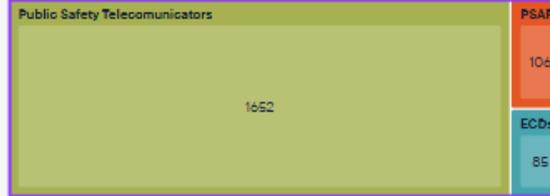

### CALL COUNT TRENDS

Call counts increased from 2022 to 2023, but have since decreased in 2024 and 2025, so far.

# NANPA PL-626

## General Description

On March 5, 2024, the Alabama Public Service Commission (Commission), in Docket No. 33429, approved an all-services distributed overlay over the 334 NPA. Cities in the 334 NPA include but are not limited to Montgomery, Dothan, Auburn, Prattville, Phenix City, Enterprise, Opelika, Selma and many other smaller communities. The new **483 NPA** will serve the same geographic area currently served by the existing 334 NPA. Additionally, central office (CO) codes in the 334 NPA will be available for assignment only when all assignable prefixes in the 334 NPA have been assigned. The 334-334 NXX will be released as an assignable CO code after the new 483 NPA in-service date.

# Voiance Contract Changes

---

## **Email Dated May 2, 2025**

The NASPO *On-Demand Remote Interpreting and Document Translation* master agreement under which your agency currently purchases services is set to expire on May 3 at 11:59pm MDT.

NASPO's State Purchasing Division has not yet announced the results of the *Remote Interpreting and Translating Services RFP*, issued on October 31, 2024. They have confirmed that they are unable to amend or extend the current contract and are unable to provide a timeline for the award announcement.

After nearly 20 years of supporting vital agencies like yours, including the last 10 years under the NASPO agreement, we remain committed to servicing you by offering a Service Extension Agreement at your current pricing, with no minimum usage requirement. The agreement may be terminated on 30 days' written notice at any time after June 3, 2025.

## **Extension**

This Extension of Service Agreement is created to extend the contract date through June 2, 2025, or until a new contract is awarded. Customer may term services under this agreement after June 2, 2025 by providing Voiance with a thirty-days written notice.

All terms and conditions of the underlying Master Agreement #90-000-18-0003AG remain in effect during the continuation of this contract until such time that it is terminated or expires as of July 31, 2025.
